

Paul really hadn't meant to suck Neil in return but the horny little stud was so hot and Paul was so turned on that he was ready for **anything!** Besides, the prick the kid was sporting was so hard and so big that it really got to Paul! Especially since, just as soon as Neil started sucking him, his hard young cock started dripping fuck juice all over that hot little stud's body. Paul just had to get a fistful! Naturally, it wasn't long before Paul was taking it deep in his throat!!

It wasn't the first cock Paul had sucked either! When that horny stud was turned on, **really turned on,** he was ready to try anything! Neil's hot mouth and well-educated tongue working the rigid tip of his aching prick really had been driving him crazy! He had to admit the kid was a good-looking little stud, so Paul figured it would be alright just this once to take the new kid's hot, hard fuck meat down his throat! Once he put his mouth on it, Neil really started ramming the shit out of his face!!

Neil almost passed out when Paul started sucking his hard, aching prick! That stud's mouth sure felt good!! There was only one thing Neil liked better than shoving his dick down some guy's throat or up a tight, bucking asshole and that was to **get** a big, stiff dick rammed to **him!!** He fell to his knees, pulling Paul right along with him. They rolled over onto the floor. Neil quickly slid under Paul, guiding that sucking stud's big, randy tool back into his throat. Paul gave his hips a quick hard shove and filled Neil's sucking mouth with eight inches of solid, stiff dick!! At the same time, he kept Neil's hard young cock sucked deeply into his own, cock-hungry throat!!! Neil could feel the huge rod grow and expand deep inside his throat!

Paul's sucking mouth was too much for Neil! He could feel the cum starting to boil up in his screaming nuts!! He knew he was going to cum and he was going to cum **soon!!!** He barely managed to pull his ready-to-explode prick out of Paul's hot, sucking mouth in the nick of time! He gasped for an instant, then looked Paul right in the eyes. He pleaded with that big-dicked stud to slow down, explaining that he didn't want to cum yet. He lowered his eyes, not daring to look Paul in the face, as he went on saying that he'd been dreaming of this moment much too long to have it end so quickly! Paul, still gasping, settled back on the floor. The way his huge dick was throbbing, Neil could tell that Paul was just as close to shooting his load as he was!!

Finally, Paul couldn't stand it any longer. He reached over, pulling Neil to him. Then, just as suddenly, he flipped the surprised young stud up, head over heels! The kid's firm young ass cheeks were right in Paul's **face!!** Paul didn't hesitate an instant! He leaned over and started licking that upturned, twitching asshole! His tongue found the little puckered opening, then he buried his face as deeply in those tight buns as he could shove it!! The musky scent that filled his nose made him even **hotter!** Neil couldn't suppress a moan. He started bucking his hips, thrusting his ass hard against Paul's sucking mouth! The action in his ass was almost more than he could take! He was begging Paul to ram his tongue in deeper and deeper! The kid's guts were burning like fire! He had to be **fucked!!** He was all too aware that the only thing that would put out that raging fire was a big, stiff, solid dick rammed just as deep in his hungry asshole as it could be shoved!! He started begging Paul to fuck the shit out of his hot little asshole!

Paul's voice was so hot, he could hardly speak. He pulled Neil to his knees and aimed his huge, blood-engorged prick at that wet, hot ass. He growled at Neil to spread his cheeks, because he was going to get the fucking of his life!! That huge, lube-dripping cock located that little puckered opening. Paul inched his huge fuck tool into that too-tight opening. He worked slowly at first, pressing the rigid tip of his prick into Neil. Neil screamed! As much as the randy little kid wanted to be fucked, he just couldn't take the whole length of that huge cock! He begged Paul to slow down and go easier but Paul was so turned on that there was no stopping him then! He gave a savage thrust and every inch of his monster prick was buried right up to the hilt in that tight little butt! It ripped into Neil with such force that the kid almost passed out!! Paul began to fuck him, really fuck him, ramming deeply and with all the force he could muster! One deep thrust found Neil's prostate and he shot his load all over the floor as Paul filled his bucking butt!!!

Neil was still gasping for breath when Paul pulled him down on the bed. Paul's giant cock was hard, red-hot and throbbing. He pushed Neil's legs in the air and forced the head of his cock in Neil's upturned butt! This time the big dick went in a lot easier than the first time they had tried it!! In spite of the fact that Neil had just shot his load, that dick ramming his ass was really getting to him. He grabbed Paul, trying to force that monster cock even deeper inside him! It was ripping him apart but the pleasure mixed with the pain was **exactly** what he wanted!! He grabbed Paul's ass, forcing the cock in still deeper. That was all Paul could stand. He filled that bucking butt with a load that shot with such a force Neil was sure he could **taste** it!! And, that was just the start of what was going to be many, many nights of the **same!!!**

HOT SHOTS

Jerry settled back into the soothing waters of the jacuzzi. Not only was it doing a great job on his aching muscles after a workout on the track field, it was doing an even **greater** job massaging his rapidly stiffening cock!! He couldn't resist. He took his blood-engorged prick in his fist and gave it a couple of quick pulls. His man meat responded quickly to that hand action and was soon standing up out of the water, fully stiff and ready for **action!!** The young track star had just started to do some heavy jacking off when he was startled by a voice from the other side of the room. "If you keep doing that . . . you'll go blind!!"

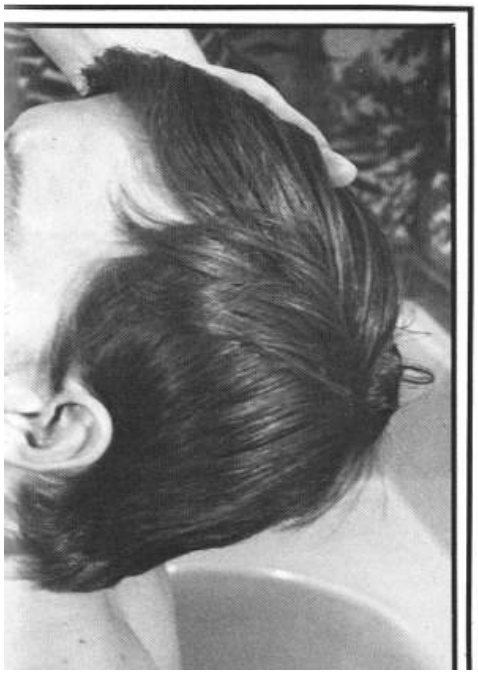
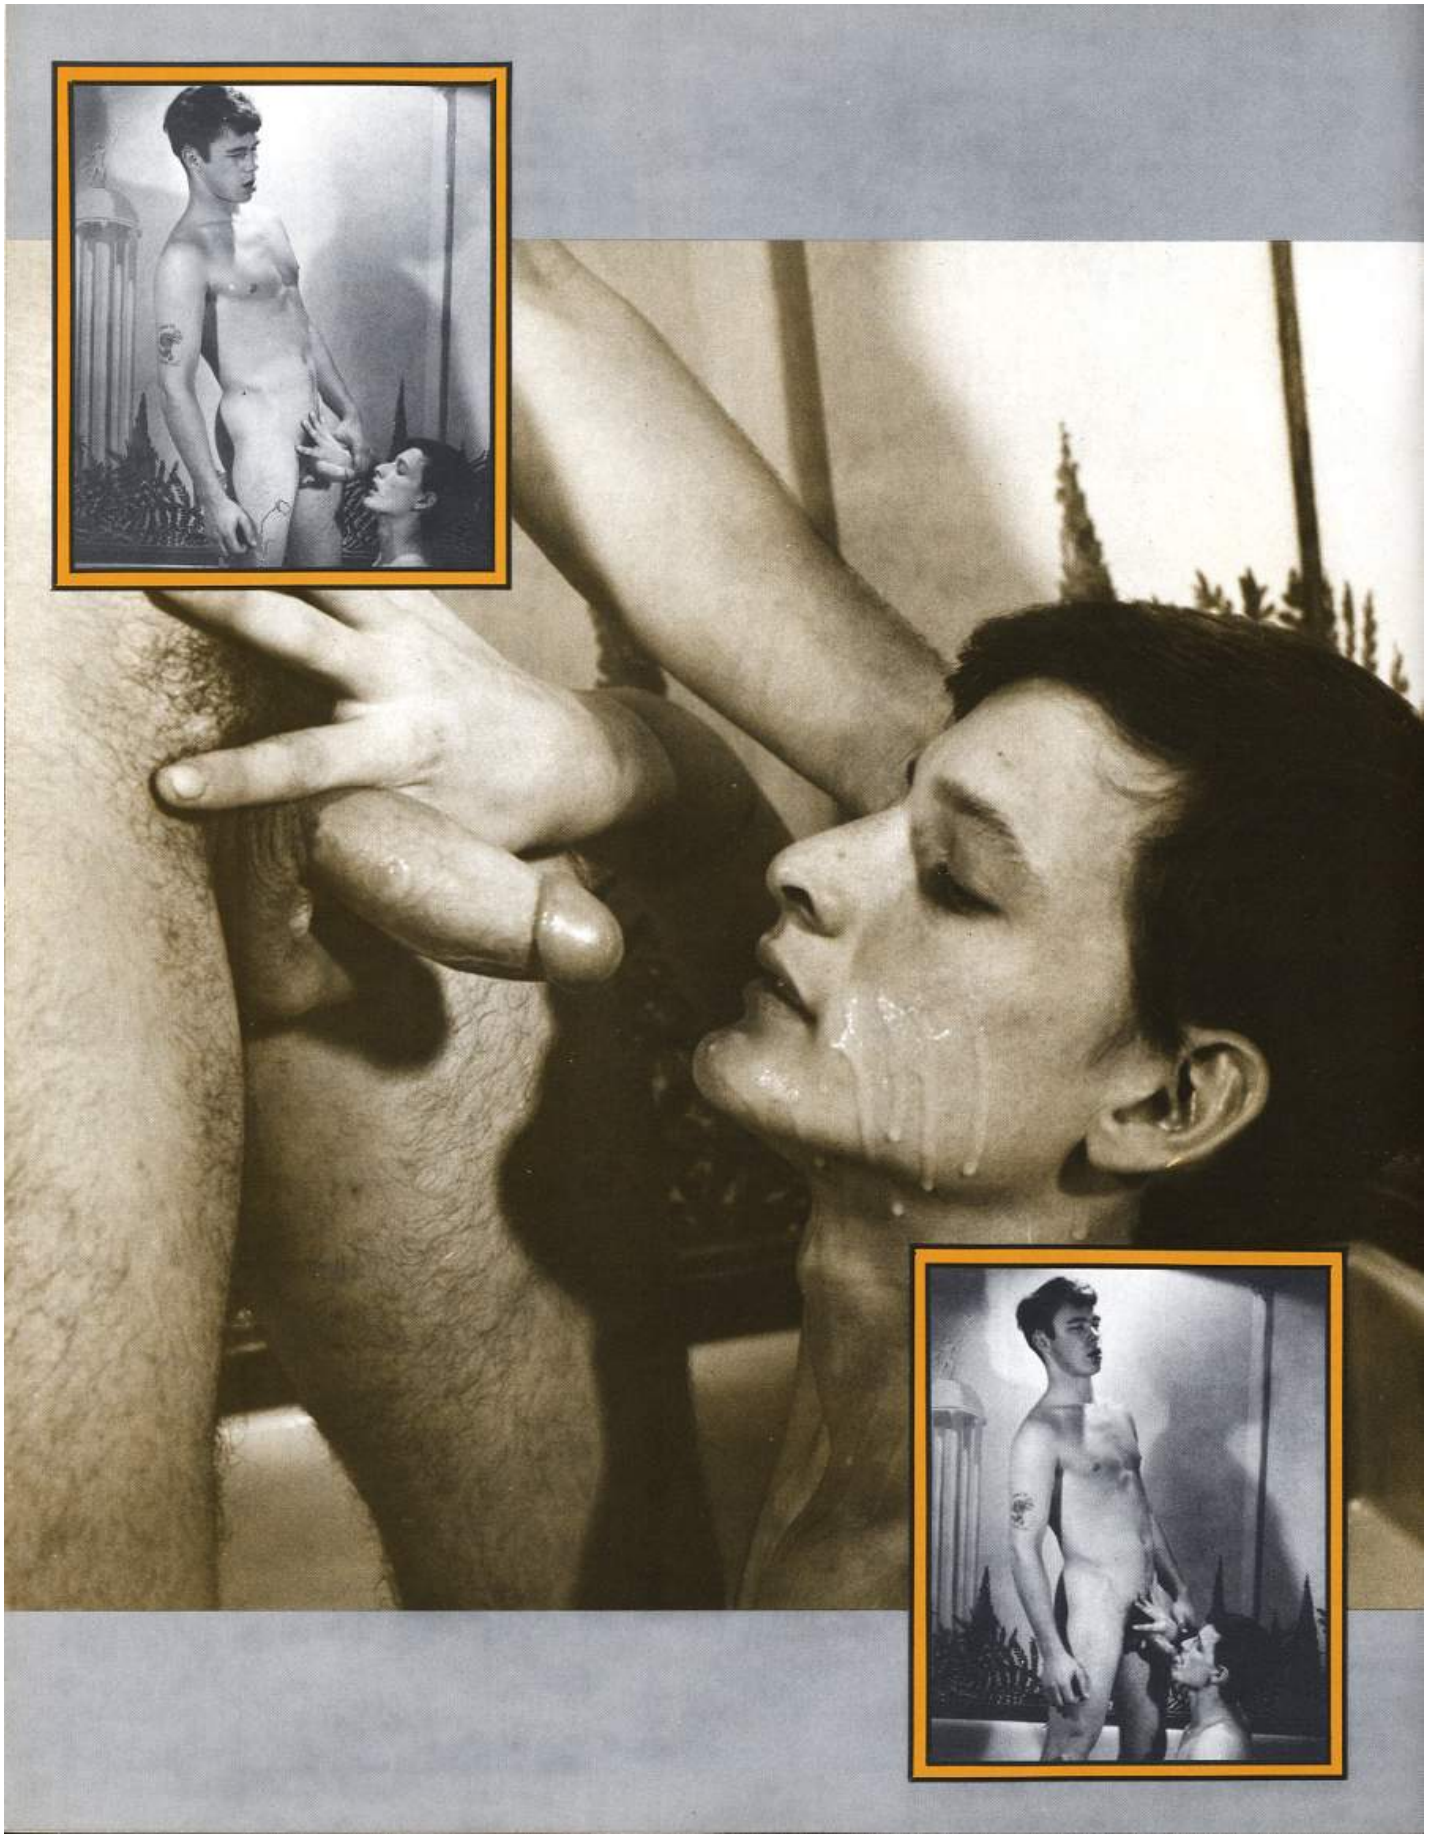
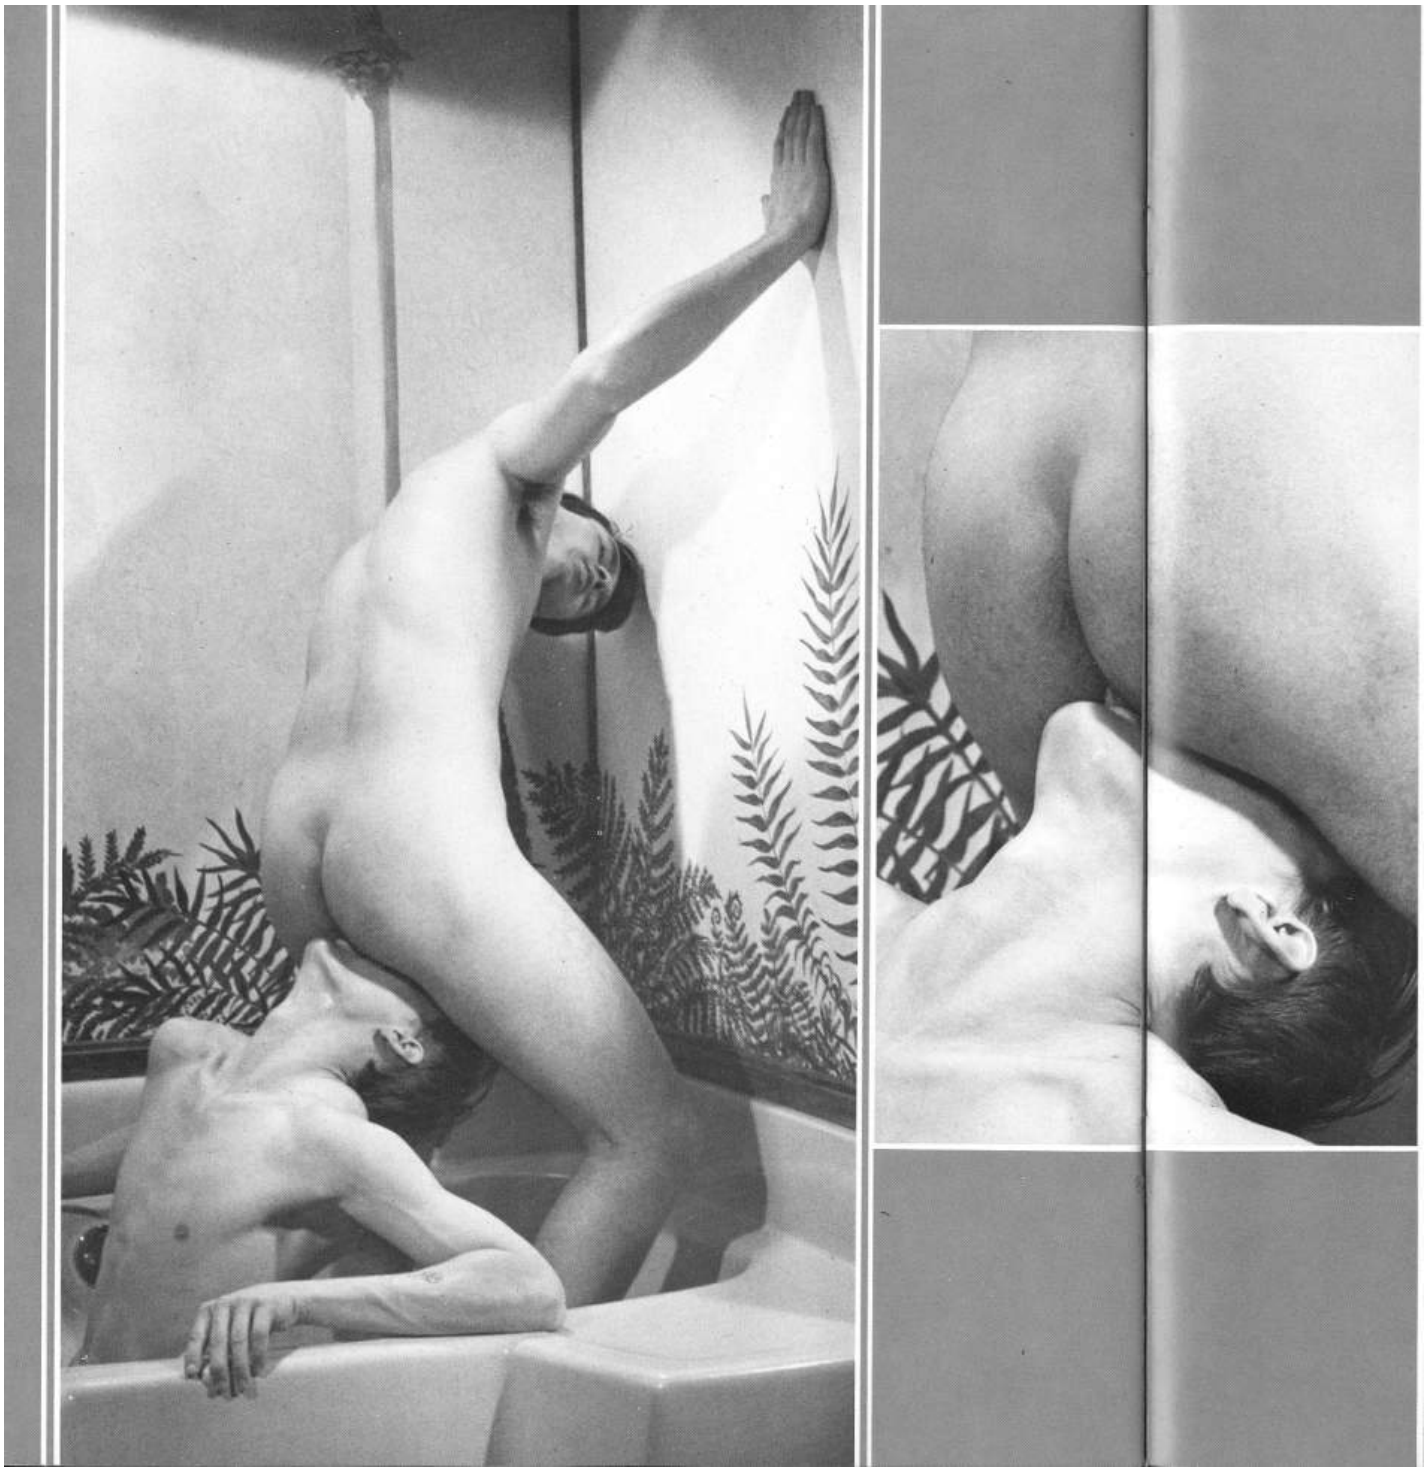
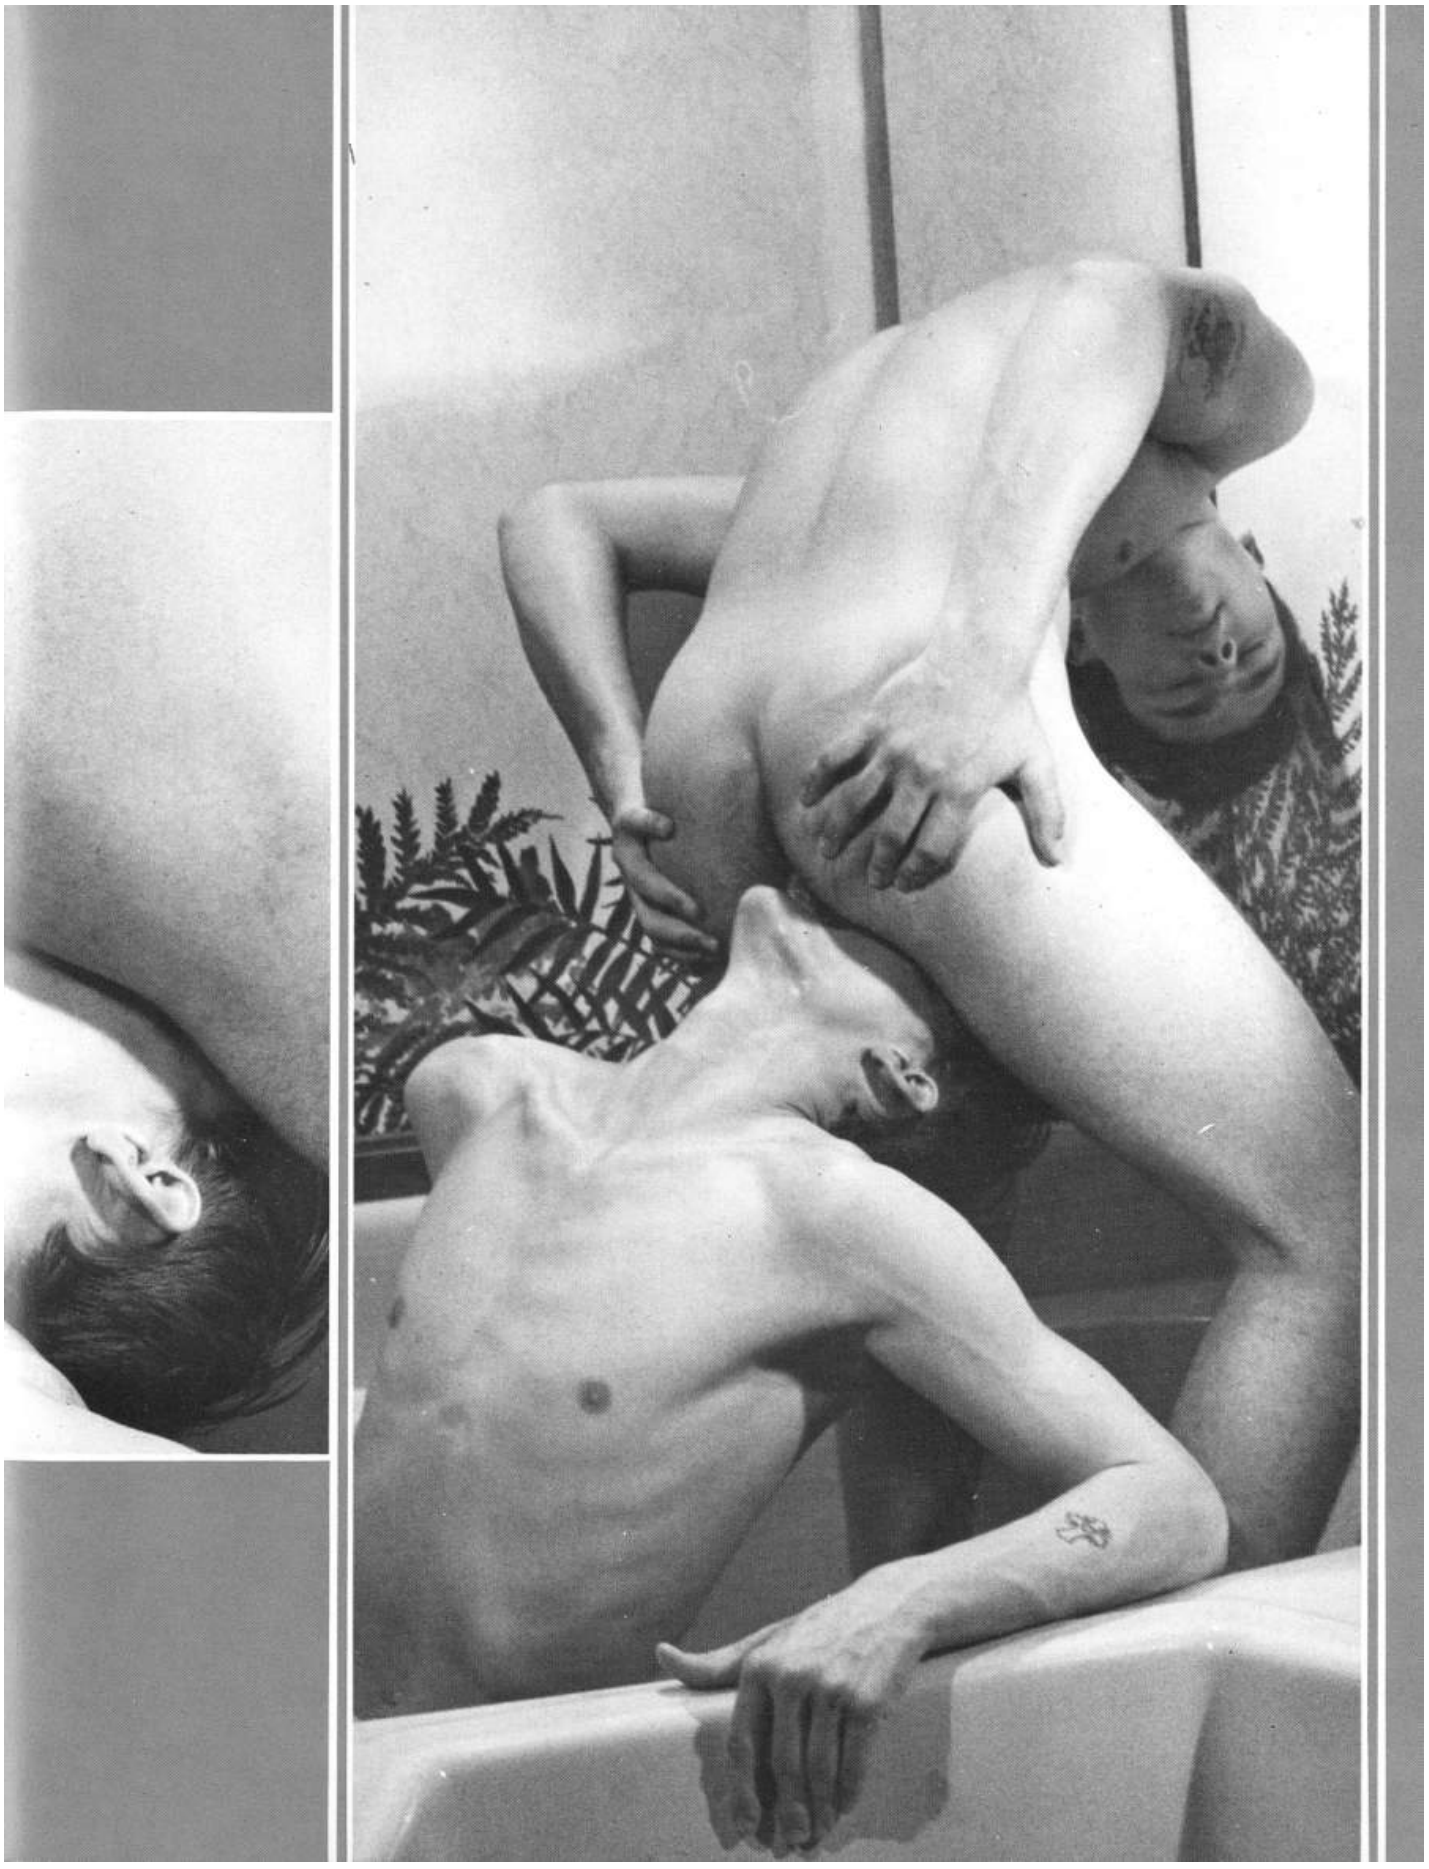
Neither of the horny young studs was sure who had started the half-kidding, "you-suck-mine-and-I'll-suck-yours" talk. They had been doing it for a long time. But that afternoon, they were both so turned on they **gave it a try!** Jerry went first, taking every inch of Richard's long prick! Then, the young track star stood, filling Richard's mouth with his cock. Jerry was just too close to stop himself. He shot in Richard's **mouth!!!**

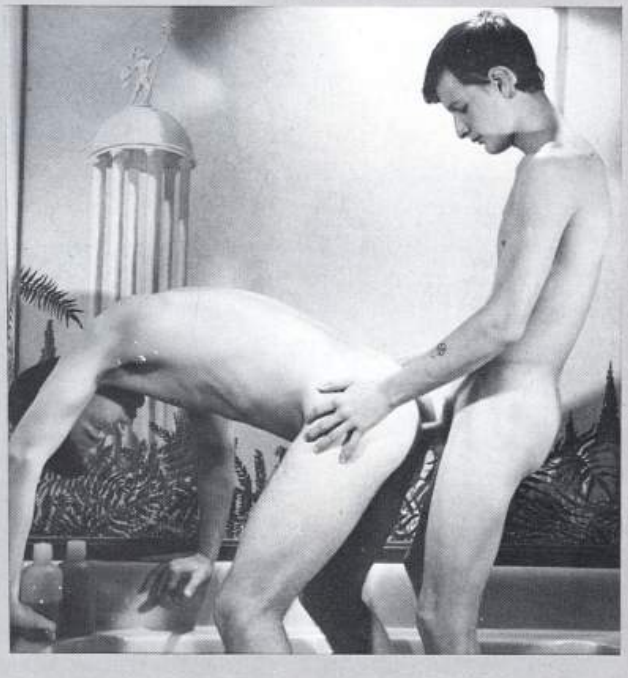








Richard had Jerry's cum all over him, on his face and **down** his **throat!** He decided to get **even!** He knew Jerry liked a finger shoved up his ass while he jacked-off! Richard decided he was going to shove **something else** in that tight little butt! He knew just how to get the kid going!!! He pushed his cum-covered tongue in the track star's tight little asshole. Jerry squirmed like he was going to shoot again!! Richard shoved in a long finger. Jerry grunted and thrust his ass back on that invading finger! Quickly, Richard jumped up, clutching his blood-engorged cock. He aimed that long prick of his at Jerry's tight, twitching little butt and shoved it home before the kid knew what was happening to him!!! Jerry screamed but was unable to escape his stronger roommate!



All Jerry's screaming and begging Richard to stop did no good at all. Richard was really letting the kid have it! Every hard, hot inch of it!! The more the track star cried, the harder and deeper Richard fucked him!!! Richard grunted. His nuts felt like they were going to burst!! He gave one final, deep thrust and shot his hot young cum load deep inside Jerry's well-fucked, aching asshole. The tall strong stud pulled his dick out of that tight opening and let go another hot, thick cum blast all over Jerry's back!! Richard quickly hopped out of the jacuzzi, pulled on his clothes and ran out of the gym. Jerry only stood there for a long moment, feeling his torn, hurting ass. He was in pain but not too much pain to concoct a plan of his own! He knew how to get back at his big-cocked roomie!!
